

Nanika News 2005

Nanika Guiding finished the 2005 Hunting season on November 15th, but with illness, death in the family and Christmas, I finally have time to get down to the paper work and the News letter. We had a small number of Black Bear hunters this last spring and I was able to handle them all, so Chad and Loren did not have a spring guiding season. Naomi did the cooking and chasing around for me. I did not have a Grizzly hunter for this last spring, but have one booked for this coming spring. Larry Bernhardt from Oklahoma came on a successful Mountain goat hunt this last fall And his is coming back this spring for Grizzly and again in the fall for Moose. Check back for the 2006 News letter to see if he bags both the Grizzly and Moose. I did not travel to any Trade Shows, just stayed home and worked on the new website.
